LOCAL NEWS.

THE ALEXANDRIA HABEAS CORPUS CASE. The case of Thos. Javins, who has been confined in what is called the "Slave Pen," in this place, is tamiliar to the public, and we need not recapitulate the facts in relation to it, which we have already published. Suffice it again to state, that the application of Javins, made a few days ago, for release under the writ of habeas corpus, was refused by Judge Underwood, who decided that the writ of habeas cor pus was not restored by the recent proclamation of President Johnson, and that the return of Capt. Hambrick that he held the prisoner by authority of the President was conclusive, and the Court could not go behind it. The prisoner was accordingly remanded to confine ment under the sentence of the Provost Court. We are now pleased to learn from the Washington Star that the Attorney General has given an opinion adverse to the decision of Judge Underwood, and that an order has been issued for the release of the prisoner on the writ. [Since the above was in type, Mr. Javins has been released, and is now at his home, and free from the decisions of those who would consign him to "prison bonds." The action of the Executive in his case, has given great satisfaction to our citizens.]

The Assistant Commissioner of the Bureau of Refugees, Freedmen, &c., for the District has in course of preparation an order setting forth the existing laws with regard to marriage as they now apply to freed people; and the Washington Star says:-"Rev. Joseph R. Johnson, of Alexandria, Va., has been authorized by the Assistant Commissioner of the Freedmen's Bureau of this District to act as superintendent of marriages for refugees and freedmen in the counties of Alexandria, Fairfax and Loudoun, Va., without compensation. He is declared competent to regulate matters pertaining to the marriage relations among the freed people in these counties, in accordance with the laws of Virginia and the orders of the Bureau."

MAD Dogs.-We learn that a number of mad-dogs have made their appearance in Alexandria county, within the past few days,. One or two persons have been bitten by them, and in some instances parties have killed their dogs on account of symptoms of hydrophobia.

Apropos:-Our streets are filled with sneaking, worthless curs, that belong to nobody and that nobody would own, and that only serve to render night hideous with their unearthly howlings. It is highly important that our municipal anthorities should speedily adopt some measures that will rid our community of these pests.

In order to make preparations to meet the expected visit of the cholera during the coming summer, Dr. C. W. Horner, Chief Medical Officer of the Bureau of Refugees, Freedmen, &c., has directed the chief surgeons of cistricts to execute at once a careful inspection of all re-dependent refugees and freedmen under their jurisdiction, and to perfect such sanitary regulations as may be deemed necessary to guard as far as possible against the occurrence of cholera or other epidemic diseases; and to meet any extraordinary demands which may arise therefrom, he has directed the medical department of the Bureau to be at all times in readiness.

> THE STEAMER THOS. COLLYER -This favorite steamer having been thoroughly repaired has resumed her regular route between this city and Washington. Capt. Samuel Gedney, one of "the institutions," and deservedly a favorite, is still in command, and under his directions the boat has been most elegantly and beautifully refitted. Her saloons and cabins have been tastefully painted and fitted up in luxurious style, making the trip to Washington in her a real pleasure. The speed of the boat is another recommendation, being very fast, while the great care and caution of her experieuced officers renders everything perfectly safe.

Under the Local head, a few days ago, we made a few remarks, touching some of the Ad vertising Agents sent out from divers establishments at the North, to procure the publication of advertisements in the Southern papers, at "low rates," with "a full investigation" into the affairs of the newspapers. Here is an "illustration," from the Marlboro' (Md.,) Gazette: - "New York "Agencies" need not send advertisements to this office unless accompanied by the cash. We have lost all we intend to lose by these swindling concerns. There are a for sale at Public Auction, on TUESDAY, the lst day of May next, at 12 o'clock, in front of of them are mere cheats."

We are happy to learn that the unsightly 'gap'' which was made by the late fire on King street, will not long remain, but that the owners of the property will probably soon rebuild, and the square be improved in appearance. The stores destroyed were in the centre of business, and in as good a location for trale as any place in the city. Such valuable property cannot, therefore, remain unimproved for any great length of time.

The committee appointed to present the Protest of this city, and the Alexandria Canal Company to the Committee of the House of Representatives on the District of Columbia, in reference to their action in a bill now before them, entitled "a bill to provide for the construction of a draw bridge through the aqueduct," have had an agreeable interview with

that committee, who will report adversely. Early this morning there was a heavy fog on the river. The weather has been rainy for three or four days past. But, to-day, the sun shone brightly, and it felt like Spring.

It is said that within the last two weeks, several hundred gillers, have been employed in fishing, between Maryland Point and Iudian Head, on the Potomac.

A negro man, in attempting to jump on the cow-catcher of a locomotive, on the track on Henry street, this morning, fell and was run over, and so mangled that his recovery is im-

POLICE REPORT. - MAYOR'S OFFICE. - Brodus Banks and Arthur Smith, two lazy looking negro boys, were arrested by the Police with a number of pieces of iron, a furnace door broken up, car couplings and other useful articles, When arrested they were on their way to sell it. It would be well for housekeepers and others to keep strict watch on all, white or black, who prowl about with haversacks, as they generally steal whenever an opportunity offers. The iron is at the Mayor's office, and those who have lost such things would do well to call and identify the articles. The boys were remanded for further investigation.

Michael M. Sherry, a name familiar to Police annals, was summoned before the Mayor this morning, but Mike, fearing to come in contact with His Honor, "greased his shoes" and left, much to the discomfiture of Mrs. Ann Mack, who was exceedingly indignant that Mike was not forthcoming.

At his residence, in Surratt's District, in Prince George's county, Md., on the 31st ult., Dr. JOHN T. HOXTON, aged about 60 years. The deceased was highly esteemed for his be-

nevolence and urbanity. In Baltimore, April 4, 1866, MARY ROE JE-ROME, wife of the Rev. John A. Jerome, late Chaplain U. S. A. Hospital, Fairfax Seminary, Va., and oldest daughter of the Rev. Wm. Sparrow, D. D., of Virginia.

By authority of the Board of Health of this city, the following is hereby published f r the benefit of all concerned : The Board of Health, of the City of Alexandria, respectfully request the prompt and serious attention of the citizens to the following sanitary regulations and considerations, and ask their coperation in carrying them out, assuring them that it is the determination of every member of the Board, in his respective district, to do all in his power to keep the city in a cleanly condition,

by enforcing all the laws in the case made and

AN ACT TO PREVENT NUISANCES. SEC. 1st. Be it enacted by the City Councils of Alexandria, That no person or persons shall discharge, cast, or cause to flow upon any of the streets, lanes or alleys, or any parts of the city, any kitchen offal, liquid or solid, but shall deposit the same in some suitable vessel, there to be kept until called for, and removed in the

manner herein provided. SEC 2nd. It shall be the duty of the Trustees of the Poor, to cause all such offal to be called for, collected and removed four times a week in the months of May, June, July, August, and September, and twice a week during the remainder of the year, for the use and ben-

efit of the Alms House. SEC. 3d. Any person or persons, his or their servants, who shall violate any of the provisions of this act, shall forfeit and pay not less than the sum of one dollar, and not more than five dollars, to be recovered as other fines and for-

feitures are recovered. SEC. 4th. It shall be the duty of the Board of Health, Superintendent of Police, and Police Constables to cause the provisions of this act to be strictly complied with and enforced. SEC. 5th. This act shall be in force from its

Passed July 10th, 1855.

The citizens are requested in case of any negect on the part of the drivers of the Garbage Carts, to call at their houses, to leave their names and the number of their residences, with any member of the Board of Trustees of the Poor; this will ensure a prompt and certain remedy for the inattention complained of The citizens are also requested to remove immediately from their respective premises all offal matter, manure or any other nuisance, which may endanger the health of the city, and they are hereby notified that on or before the

first of May, the members of the B ard will visit their respective districts, to see whether this regulation has been complied with. The citiz ons are also respectfully requested to keep this notice for future reference, so that they may see who are the members of the Board and the location of their respective districts; and they are asked as a favor, this: That when they are personally cognizant of any nuisances to report at once to the proper authorities-viz: the member of the Board, in whose district the nuisance exists; assuring them that it is the only legitimate way to abate any evil, existing near heir premises.

The citizens are requested to keep their gutter, clean, and trush the dirt from before their premises to the centre of the street.

Proposals are invited until April 28th, instor the leasing for a termof years of the Alexandria Canat, including all of its real and other property. This canal extends from the city of Alexandria, Va., to the city of Georgetown D C., on the north bank of the Potomac, where it connects with the Chesapeake and Ohio Canal. The water is from thence conveyed across the Potomac in a wooden trough and superstructure, which is built on grante rick piers, and and then by hard into the Pot-mac at Alexandris. The following description of the piers of the squeduct is from a report by the late M. C. Ewing, esq., Civil angineer — An abutment is built against the Chesapeake: and Ohio Canal at Georgetown. The Alexandria Canateommencing at this point is carried across the Petomac on an aqueduct 16.0f et long. This aqueduct was located by surveys made in 1831. Of the eight piers as now built 4 are in water from 35 to 40 feet deep, and 4 founded 25 to 35 fee, below the surface. The abutments and piers were all built in coffer dams pumped out and dredged by s'eam machinery to the solid rock, on which they are erected in coment and trowel work from foundati n. This laborious e nstruction was the work of several years, with a large force engaged night and day except during part of the winter moths The piers are carried up 30 feet above the river sur ace, and are there fore in height from 55 to 70 feet. They are about 70 feet long at base, and 12 to 21 feet thick at the water surface. They are of granite rock laid in come t, and having stood the floods and drifts for several years, (1846) are believed to be of imperishable material and workmanship The cost of the aqueduct, \$575,281.43, including about \$50,000 for the wooden trough and superstructure. The other portion of the canal, em-banka ents, culverts, locks, wharves, ferry at Georgetown, &c., cost over \$800,000. Alexandria Canal may be reperly called the terminus of the Chesapezke and Ohio Canal.-There was transported of coal alone, over the Alexandria Canal in 1860, about 300,000 tons, and the coal trade has largely increased since but owing to the war no coal has come over the Alexandria Canal, for the reason that the aqueduct has been used by the Government as a wagen road from Georgetown to Arlington .-Parties contracting will be requi ed to place and keep the canal and aqueduct in order and repair, and to use the canal and aqueduct for the pur poses for which it was originally constructed and no other unless by consent of all the contracting parties.
